SUMMARY

- Recent graduate in Computer Science with a strong foundation in web development, proficient in JavaScript, React Demonstrated ability to create efficient web applications and solve technical challenges through personal projects. A quick learner and a motivated developer seeking opportunities to apply technical skills in a professional environment.

SKILLS

- **Web Technologies & Database:** HTML, CSS, JavaScript, Tailwind CSS, SQL.
- **Frameworks & Libraries:** React, Redux, React Query, Axios.
- **Developers Tools:** Git, Github, Postman, npm, VS Code.

PROJECTS

1. **Comfy-Store:** |React-ReactRouter-Tailwind css| [[Website Link](#)] [[GitHub](#)]
 - Developed a fully functional e-commerce furniture store with integrated order processing workflows and a Content Management System (CMS) to manage product inventory and customer orders.
 - Leveraged React Router for seamless navigation and Tailwind CSS for a responsive, modern UI.
2. **WebDev Portfolio:** |React-ReactRouter-Tailwind css| [[Website Link](#)] [[GitHub](#)]
 - Designed and developed a personal portfolio website to showcase web development projects and technical skills.
 - Used React components to ensure code reusability and Tailwind CSS for rapid UI development.
 - Integrated smooth navigation using React Router for an enhanced user experience.
3. **Our Tours:** | React React-API | [Website Link](#) | [[GitHub](#)]
 - Created a single-page application for users to explore various tour packages and holiday plans provided by different travel agencies.
 - Implemented dynamic rendering of tour packages by consuming data from an external REST API.
 - Optimized performance for mobile devices using responsive design principles.
4. **Unsplash Images:**|React-React-API | [Website Link](#) | [[GitHub](#)]
 - Built an image search application utilizing the Unsplash API, allowing users to explore and download copyright-free images.
 - Handled API requests efficiently using Axios and implemented search functionality with debouncing to enhance user experience.
 - Implemented lazy loading for images to improve page load time and overall performance.

INTERNSHIP EXPERIENCE

React js Intern (Talentrise Technokrate Pvt. Ltd. | 11-Mar-2025 - 11-jun-2025)

Projects (UI Development – React & Tailwind CSS)

I have worked on these projects

- **Real-estate** - (Designed and developed the front-end UI for a real estate platform focused on showcasing properties and connecting users with agents. Included property detail pages, agent profiles)
- **Techo-Hire-Job-Portal** - (Designed and built the front-end UI for a job portal, including job listings, application forms, and role-based dashboards for recruiters and job seekers.)
- **Neargud** - (Developed the front-end UI for a shop website showcasing local products and vendors. Included category-based product listings, search functionality, and responsive design for mobile and desktop users)
- **Bagherwal - Samaj** (Admin/Web) - (Developed both the public-facing website and admin dashboard UI for a community organization. Included features like member directory, event listings)
- **Leader Management** - (Built the front-end interface for managing leaders and volunteers, including dashboards, profile views, and data management components.)

EDUCATION

Shri Shankaracharya Technical (July 2018 – May 2022) **B.Tech.** (Bachelor of Technology in Computer Science)

- University graduate with Bachelor of Technology in Computer Science having over 78% from Swami Vivekananda Technical university. Durg, CG.

SHRI CHAITANAYA JR COLLEGE(A.P)

- Completed My Senior Scecondary Studies from Shri Chaitanaya Jr College gaining 61.5%

SHRI CHAITANAYA TECHNO SCHOOL (A.P)

- Completed My Higher Scecondary Studies from Shri Chaitanaya Techno School gaining 65%
